

Bachelor Study Programs After finishing the preparatory year successfully

Study Programs	Start	Admission Restriction
Biomedical Engineering	Winter Semester	No admission Restriction
Biosystems Engineering	Winter Semester	Restricted Admission
Business for Process and Energy Engineering	Winter Semester	No admission Restriction
Business Informatics	Winter-/Summer Semester	No admission Restriction
Chemical Engineering: Molecular and Structural Product Design	Winter Semester	No admission Restriction
Computational Visualistics	Winter-/Summer Semester	No admission Restriction
Computer Science	Winter-/Summer Semester	No admission Restriction
Computer Systems in Engineering	Winter-/Summer Semester	No admission Restriction
Cultural Studies, Knowledge Management, Logistics: Cultural Engineering	Winter Semester	Restricted Admission
Educational Science	Winter Semester	Restricted Admission
Electrical Engineering and Information Technology	Winter Semester	No admission Restriction
Environmental and Energy Engineering	Winter Semester	No admission Restriction
Industrial Engineering / Electrical Engineering and Information Technology	Winter Semester	No admission Restriction
Industrial Engineering / Logistics	Winter Semester	No admission Restriction
Industrial Engineering / Mechanical Engineering	Winter Semester	No admission Restriction
Information Technology - Smart Systems	Winter Semester	No admission Restriction
Mathematical Engineering	Winter Semester	No admission Restriction
Mathematics	Winter Semester	No admission Restriction
Mechanical Engineering	Winter Semester	No admission Restriction
Mechatronics	Winter Semester	No admission Restriction
Physics	Winter Semester	No admission Restriction
Process Engineering	Winter Semester	No admission Restriction
Sports and Engineering	Winter Semester	Restricted Admission
Systems Engineering and Engineering Cybernetics	Winter Semester	No admission Restriction
